
FOR IMMEDIATE RELEASE:

Trinisys LLC Named Nashville Business Journals 2011 Best Places To Work

Nashville, TN- April 28th, 2011

Nashville Business Journal has announced that Trinisys is named one of Nashville's Best Places to Work for the 2011 year. This is a fantastic achievement for the passionate Trinisys team who over the past 7 years has grown to 19 employees and has additional plans for future growth. Always focused on the essential guiding principles at Trinisys, there is a natural balance of positive fun and a solid work ethic from all.

"We are excited to be recognized as one of Nashville's best places to work," said Travis Gregg, Principal and Co-founder of Trinisys. "Our entire team is committed to making Trinisys a pleasant and collaborative place to work. We all enjoy coming in to the office each day."

Employees of nominated companies were asked to complete a 37-question, online survey conducted by Quantum Workplace. The employee survey measures 10 key engagement categories focusing on items including team effectiveness, trust in senior leaders, feeling valued, manager effectiveness, compensation and benefits. Responses from each question of each completed survey are compiled and evaluated. Companies are ranked and winners are chosen in each size category according to their overall composite score.

To read more about the Best Places to Work winners, see the special publication in the May 27 edition of the Nashville Business Journal.

About Trinisys

Trinisys revolutionizes the way businesses collect and process information. Clients have drastically reduced the time and cost involved in acquiring data from paper and the web with Trinisys' innovative data capture software. The Trinisys integration engine enables companies to automate complex business processes and get data to the systems they use every day.
